# SHIVANGI INDURAKHYA

(+91) 9669384938  
shivangi.indurakhya@gmail.com

## EMPLOYMENT

---

<b>Systems Engineer</b>	<b>Tata Consultancy Services</b>	<b>July 2021 - Present</b>
-------------------------	----------------------------------	----------------------------

As a Frontend developer, my core activity include:

- Developing functionalities, new features and capabilities for a web application using **Reactjs**, **Typescript** and **Mobx** (state management tool).
- Working directly with client stakeholders to develop the solution for business cases.
- Performing bug fixes and code review to increase the performance.
- Following the MVVM architecture of building the application by splitting the application in 3 common layers.

<b>Frontend Intern</b>	<b>AVRN Labs</b>	<b>Dec 2019 - Feb 2020</b>
------------------------	------------------	----------------------------

- Built functionalities of website using ReactJs, Html, CSS.
- Monitor website performance and rectify the issue.
